let me get this straight. you wish to advise me on the rules of professional responsibility when you are going around soliciting people to file suits against mr. paschall when you know full well that mr. paschall is not the trustee of the marium oscar trust? i will respond to your letter to the city of calvert.

Let me make sure I've got this right. You're already representing John Paschall re: the Oscar estate. Now you're planning to advise another client (Mr. Wiese) about whether he should sue your first client (Mr. Paschall) *in the same case*? You can do as you wish, but I don't think the state bar (or common sense) will look kindly on that. I have attached a letter that I sent earlier today to the city secretary. I plan to provide copies to the city council.

mr. clevenger:  
to my knowledge mr. wiese has not sued anyone and is not involved in any suit. he is not a party to anything. i have no conflict. mr. wiese has been our client for many years. yes, i am familiar with the rules. thank you.

Mr. Russ,

I would refer you to Texas Disciplinary Rule of Professional Conduct 1.06, which prohibits you from representing opposing parties. Do you still claim to represent Mr. Wiese?

Mr. Wiese,

I just received the e-mail below from Mr. Russ, who tells me that he is your attorney. I believe Mr. Russ has a serious conflict of interest, because he is already the attorney for John Paschall, the executor of the Marium Oscar estate. If the cemetery has a claim, it would be against Mr. Paschall, which means Mr. Russ would be on both sides of the issue. If you wish to consult an attorney regarding this matter, I strongly recommend that you find someone who does not have that conflict.
