Call Type: Disturbance Case #:
Notified By: Officer Mangham, Anthony
Persons: BRANEFF, RONALD, TXDL- 06713665
Vehicles: N/A
Call Notes:

Officer Mangham was contacted by phone by Chief Thibodeaux and advised of some sort of disturbance at the Worship Center Church located at 213 Cooks Ln, Franklin, Texas 77856. When I arrived on scene, I saw a male known to me as Rusty Russ and several people standing in the grass near the parking lot. I overheard Rusty Tell an unknown female to leave because she had his campaign shirt on and that someone inside would threaten her too.

I spoke to Molly Hedrick and she stated there was a guy inside that had made threats to Rusty. She also stated he had what looked like a bulge on his leg and didn't know if it may be a weapon or not. I then went inside and spoke with an older lady and she pointed me to an older gentleman sitting near the back door. I spoke with the gentleman and later identified him as Ronald Braneff w/m DOB 7/30/46 I asked Braneff to step outside the back door to speak with us. As we were walking out the door Braneff stopped and asked why, I advised Braneff I needed to speak with him about what had occurred and didn't want to disrupt the meeting any further.

Once outside, I told him why we were there, I handed Officer Myers Braneff's Texas Drivers License and asked him to run a check. Officer Myers then took the Drivers License and ran it through dispatch for any possible warrants. While Officer Myers was running Braneff's information I asked Braneff if I could pat him down to insure he didn't have any weapons. Braneff allowed me to pat him down which I found no weapons on his person.

Braneff provided paperwork and began to tell me how Russ had screwed him around. I asked him if he had made any threats this evening and he stated he had not. I then walked him back inside, and spoke with a couple of people who were inside the event and both stated they had not heard Braneff make any threats towards anyone. An older lady who appeared to be in charge of the meeting asked me if any of our officers could remain at the meeting for the remainder of the event, and I stated I would.

After Braneff approached me and asked me to walk him out to his vehicle since he didn't feel safe. I escorted Braneff to his vehicle and once Braneff was gone I left the location. End of Call.
